## **Control4 Announces Conference Call For Second Quarter Fiscal 2013 Financial Results**

SALT LAKE CITY, Aug. 16, 2013 (GLOBE NEWSWIRE) -- Control4 Corporation (Nasdaq:CTRL) today announced that it will release its financial results for the second quarter fiscal 2013 after the market closes on August 29, 2013. The company will host an investor conference call and webcast the event beginning at 3:00 p.m. Mountain Time on the same day. Control4's Registration Statement on form S-1 related to its Initial Public Offering was declared effective on August 1, 2013, and the 25-day prospectus delivery period (also known as the quiet period) expires at midnight on August 26, 2013.

To access the conference call, dial 480-629-9664 or 877-941-1427 (toll free) and enter passcode 4636220. The webcast and replay will be accessible on Control4's investor relations website at <http://investor.control4.com/>. A replay of the conference call will be available within two hours of the conclusion of the conference through September 9, 2013. To access the replay, please dial 303-590-3030 or 800-406-7325 and enter passcode 4636220.

### **About Control4 Corporation (Nasdaq:CTRL):**

Control4 is a leading provider of automation and control systems for the connected home. Control4® solutions unlock the potential of connected devices, making entertainment systems easier to use, homes more comfortable and energy efficient, and families more secure. Control4 provides its consumers with the ability to integrate music, video, lighting, temperature, security, communications and other functionalities into a unified home automation solution that enhances their daily lives.

At the center of Control4's solution is its advanced software platform, which Control4 provides through its products that interface with a wide variety of connected devices that are developed both by Control4 and by many third parties. Control4's solution functions as the operating system of the home, making connected devices work together to control, automate and personalize the home of our consumers. By delivering insightfully simple, personalized control solutions that enhance the lives of individuals and families, Control4 is the automation platform of choice for customers, major consumer electronics companies, hotels and businesses around the world.
